**Parties with one entertainer are suitable for up to 20 children only. Parties with 2 entertainers are suitable for up to 30 children only. We recommend that all parties are limited at 40 children, however, parties with 3 or more entertainers may choose to invite more than 40 guests- in this instance we would be pleased to discuss a more 'event style' entertainment. Prices for parties with 5 or more characters are available on request.*

Add-on characters

Some of our characters (Our Sunny Snowman and Iron hero) are only available as party add-ons at parties with another Deluxe Jollypop Character. They'll appear for 30 minutes, usually towards the end of your party, to join in with an activity and for photographs together. We ask that when you book these characters you provide a changing room away from the children and ensure there is plenty of space for these larger characters to move around and greet the children.

Add one of these characters to your Deluxe Character Party: £60
